Casual Tournament

Our Casual tournaments are all about getting together to play games in a relaxed and friendly environment. These events require minimal preparation and you will not need a competitive list to place well - just bring your favourite units and have fun!

But this is a tournament and tournaments need winners...

To maintain the casual nature of the tournament, players will score points spread across 4 categories: game wins, sportsmanship, miniature painting and army theme (the last 3 will be voted on by all players).

Preparation

Mustering your Army

You must Muster an Army for the tournament using section 25 of the Core Rules. You must also select one Force Disposition to use for the entire tournament.

Your army must not exceed 2000 points.

Print off your army list to show your opponent before each game.

Rules Sources

Core Rules: The Warhammer 40,000 11th Edition **Core Rules** with the latest **Universal Rules Update** and **Munitorum Field Manual** (all of which are available on the Warhammer Community website).

Army Lists: Use your faction's Codex to build your army. Units from **Warhammer Legends** and **Imperial Armour** (available on the Warhammer Community website) are allowed.

Missions: 11th Edition Chapter Approved Mission Deck.

Scoring

Players will score points in the following four categories:

- Match wins
- Painting (as voted by all players)
- Army theme (as voted by all players)
- Sportsmanship (as voted by opponents)

The maximum number of points available in each category is equal to the number of players in the tournament. Ties will be awarded the same number of points.

Players' final tournament placement will be determined by the total of their scores across all 4 categories.

Painting and Modelling

Painting Requirement:

Models do not have to be fully painted for this event.

All unpainted models must be primed in the same colour.

Conversions and Kit-bashing:

We love conversions and kit-bashing! Please ensure that your miniatures are clearly equipped with the weapons that you have selected for your army (i.e. What You See Is What You Get).

Playing Games

Playing your games

- Games will be played best-of-1.
- Games are expected to be played to completion. A player who concedes a game will score zero points for that game.
- Games should take no longer than 180 minutes to complete. Players should not start another battle round if they have less than 30 minutes left to complete their game, unless the Judge has given them permission to do so.
- Scores should be reported to the Judge at the end of the game. Games will be recorded as a Win (3 points), Draw (1 point) or Loss (0 points).

Terrain

- At the start of each game players will set up the battlefield using the Event Companion terrain layout (available on the Warhammer 40,000 App). Layout A will be used for game 1, layout B will be used for game 2 and layout C will be used for game 3.
- Most terrain sets (if not all) will be official Games Workshop 11th edition terrain.

Judges

If players are unable to determine or agree on a ruling then the Judge will make a final decision on how any given rule is to be interpreted.

The Judge may be a player in the event.

Pairing

Games will be paired randomly in the first round and follow the Swiss system in later rounds.

Missions

Missions will be selected from the 11th Edition Chapter Approved Mission Deck.

Players will compare their Force Dispositions to determine which mission will be played.

On the Day

Event Schedule
